## 1 Diagnozo.xml

The Diagnozo.xml file contains the informations related to a diagnosis.  
I suggest the following xml elements and attributes.

### 1.1 Attributes

**name** name of the diagnosis

### 1.2 Elements

All elements can be used multiple times.

**url** urls

**xray** how does the diagnosis look like in native x-ray images

**ct** how does the diagnosis look like in computed tomography scans

**mri** how does the diagnosis look like in computed tomography scans
